

Frontend Challenge

The goal of this challenge is to create a small app to showcase Customers.
You can choose your own style approach, library, vanilla, ...

Primary Objectives

- Show a list of Customers;
- Show a single item of Customers;
- Rules:
 - Birthday on same month : show item with cake icon (🍰) after date and highlight card;
- Enable deletion of Customers;
- Allow to hide and show elements based on field “hasContract” from API;

Constraints

- All code in Angular and Typescript;
- Use API: <https://620e9760ec8b2ee28326ae84.mockapi.io/api/1/users>
(Avatar will always random image, so don't be scared 😊)

Delivery

- 5 working days since receiving the challenge;
- Code delivered in a git repo;
